## School Overview

Burdekin School is a special education school catering to students from Years 1 to 12. The school also provides an education setting for early childhood development. Our staff specialise in providing learning environments for students with a range of intellectual and physical disabilities. Burdekin School caters to students with disabilities, from Gumlu, north of Bowen, to Giru, south of Townsville. Our school responds to the special needs of students and specific impairment implications on student learning by the creation of individual education programs. Burdekin School provides learning environments for students with intellectual and physical disabilities that inhibit their ability to engage in learning in other State School facilities. We also support the integration of students into mainstream schooling. Supporting children in the community not yet of school age but requiring developmental support, our school provides an Early Childhood Development program. Burdekin School is committed to scaffolding work skills of students approaching school-leaving ages.

## Principal's Foreword

### Introduction

In 2016, Burdekin School continued to provide quality learning to meet the specific needs of all students. Pathways for learning were defined with alignment to the Australian Curriculum in the P-10 years; a senior secondary pathway continuing community partnerships and vocational programs; and an early childhood development program using the Early Years Curriculum to provide early intervention services and support for parents and students in the early years of development. Parents and carers are supported through the dedicated work of our school Chaplain who runs the 'My Time' program. Our P & C worked hard to fundraise to support the efforts of the school in ensuring that every student finds success.

### School Progress towards its goals in 2016

**Staff capacity and development** – all staff develop expertise in teaching, learning, and well-being. Staff developed a deep understanding of curriculum which improved their ability to differentiate the curriculum to better meet student learning and developmental needs.

**Whole school reading and communication** – every student reading and writing every day. All classroom staff engaged in training with the regional curriculum team to improve their understanding of the teaching of reading through a balanced literacy approach.

**Technology for learning and assessment** – all staff develop skills to use technology to inform and record learning and assessment. Staff developed their knowledge of utilising the statewide database One School to support student learning and information availability for planning.

### Future Outlook

**Educational access through reading** – the implementation of a whole school balanced literacy approach to the teaching of reading, utilising a Four Lesson Sequence.

**Educational access through communication** – the implementation of whole school communication strategies and processes including the purchase of weekly speech language pathologist time to work with all staff to improve their capacity to implement effective communication interventions in every classroom for every student.

**Educational access for transition** – the alignment of senior secondary curriculum and vocational education programming with the junior secondary curriculum to support implementation and data gathering. Preparing students for transition into post-school life through the development of independence skills, community access skills, and work skills.

Student counts are based on the Census (August) enrolment collection.

\*From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

In 2016, there were no students enrolled in a pre-Prep\*\* program.

\*\* pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<http://deta.qld.gov.au/earlychildhood/families/pre-prep-indigenous.html>).

## Characteristics of the Student Body

### Overview

Burdekin School is a co-educational special education school catering to students from Early Childhood to Year 12, requiring highly individualised curriculum and support services. The school provides early intervention services for children not yet of school age who require developmental support. Our staff specialise in providing learning environments for students with a range of intellectual and multiple disabilities. Burdekin School caters to students with disability, from Gumlu, north of Bowen, to Giru, south of Townsville.

## Curriculum Delivery

### Our Approach to Curriculum Delivery

- Early Years Curriculum (ECDP)
- Australian Curriculum (P-10)
- ASDAN (7-12)
- VET (7-12)
- QCIA (11-12)

### Co-curricular Activities

- Anzac Day parade
- Challenge Games
- Air Sea Rescue day
- Under 8s day
- Burdekin Show arts competition

### How Information and Communication Technologies are used to Assist Learning

Burdekin School installed a computer lab of 8 computers in late 2015 to support student access to ICTs for learning. Students access iPads and interactive screens to support their engagement with their highly individualised curriculum.

## Social Climate

### Overview

Burdekin School is a small school with a focus on Positive Behaviour for Learning. All staff implement a proactive approach to student management. We are safe, we are respectful, we are learners are the schoolwide expectations. The schools mission statement is that we 'strive for independence'. All teachers (case managers) work cooperatively with parents to provide a relevant and meaningful education for all students. Student health and wellbeing is well scaffolded and supported with whole school programing through 'Kids Matter' and the Chaplaincy program. Parents and volunteers are a welcome addition to the school community. Assistance in the classroom is provided through reading support, in class assistance, music, resource preparation, and active involvement in committees.

\* Nationally agreed student and parent/caregiver items

# 'Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement.

DW = Data withheld to ensure confidentiality.

### Parent and community engagement

The majority of parents have a close relationship with their child's teacher due to the nature of the students' needs. Teachers work collaboratively with parents to deliver consistent support for the students. Parents are kept informed of the planning for their child's learning and support learning goals outside of the school. Parents are welcomed into classroom learning environments and provide support for excursions and access to community services. The school Chaplain hosts a parent support group, creating a support network for parents to connect with each other and outside support agencies.

### Respectful relationships programs

The school has developed and implemented a program or programs that focus on appropriate, respectful and healthy relationships. The schools' educational programs in health (Australian Curriculum) focus on personal safety and awareness, including identifying and responding to abuse and violence and developing students' knowledge and skills to be able to resolve conflict without violence and to recognise, react and report when they, or others, are unsafe.

## School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2014*	2015**	2016
Short Suspensions – 1 to 5 days	5	5	2
Long Suspensions – 6 to 20 days	0	1	0
Exclusions	0	0	0
Cancellations of Enrolment	0	0	0

\* Caution should be used when comparing post 2013 SDA data as amendments to EGPA disciplinary provisions and changes in methodology created time series breaks in 2014 and 2015.

\*\*From 2015, Exclusion represents principal decisions to exclude rather than recommendations for exclusion. From 2015 where a principal decided not to exclude, a small number of recommendations for exclusions have been counted as a long suspension. Exclusions, Cancellations and Long & Charge Suspensions may be upheld or set aside through an appeals process.

## Environmental Footprint

### Reducing the school's environmental footprint

Our school endeavours to increase awareness of use of resources within the school and identify ways that we can reduce wastage.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2013-2014	53,121	3,686
2014-2015	45,786	2,836
2015-2016	46,736	3,707

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

## Key Student Outcomes

### Student Attendance

#### Student attendance

The table below shows the attendance information for all students at this school:

STUDENT ATTENDANCE 2016			
Description	2014	2015	2016
The overall attendance rate* for the students at this school (shown as a percentage).	85%	88%	88%
The attendance rate for Indigenous students at this school (shown as a percentage).	77%	85%	89%

\*The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

The overall student attendance rate in 2016 for all Queensland Special schools was 89%.

AVERAGE STUDENT ATTENDANCE RATE* (%) FOR EACH YEAR LEVEL													
Year Level	Prep	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10	Year 11	Year 12
2014

2016	90%	90%		93%	DW	96%	DW	97%	DW		64%	73%	DW

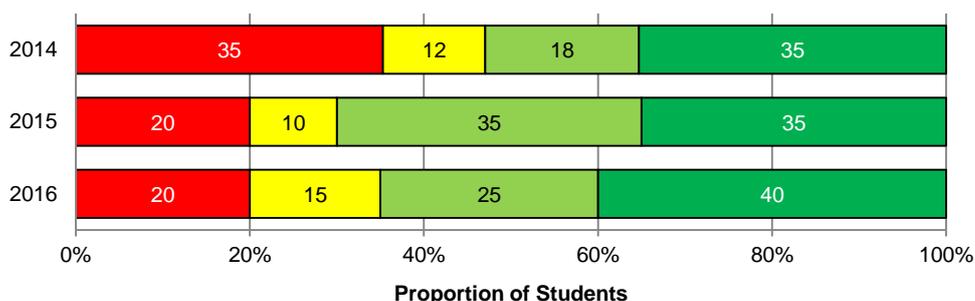

\*Attendance rates effectively count attendance for every student for every day of attendance in Semester 1. The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

DW = Data withheld to ensure confidentiality.

#### Student Attendance Distribution

The proportions of students by attendance range:

Attendance Rate: ■ 0% to <85% ■ 85% to <90% ■ 90% to <95% ■ 95% to 100%

## Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism. At Burdekin School parents know that they are to contact the school on to notify their child will be absent and provide a reason on the day of the absence. If students are away more, a phone call home will occur in the morning on the same day. All unexplained absences will trigger a letter home requesting the parent to sign and provide a reason for the absence if contact cannot be made with the parent to provide a reason. The school will work collaboratively with the family and outside agencies as required to support student attendance every day. Formal procedures for persistent non-attendance include failure to attend letters, formal meetings with the Principal, through to prosecution.
